Mudslayer 1500

POWER PLANT:	John Deere 99 hp., tier 3, 4045 diesel engine with fan for oil cooling
HYDRAULICS:	4 section gear pump and gear motors Three - 48" built-in outriggers
DESANDING / MIXING:	Mission 3 x 4 centrifugal pump Mission 2 x 3 x 8.5 pump Four - 5" de-sanding cones
FRAME:	2 axle integrated trailer with 7,000 lb. Dual axle electric brakes Pintle hitch hookup
WEIGHT:	12,900 lb. wet weight
DIMENSIONS:	90" wide x 228" long x 132" high
LIQUID CAPACITY:	Self-cleaning mud tank - 1,500 gallons Diesel - 70 gallons Hydraulic oil - 70 gallons
LIFT PUMP:	Mudslayer brand 300 - 500 g.p.m. Dual mounted lift pump booms
SHAKER SYSTEM:	Dual vibrating shaft, 3' x 5' dual screens with grease piston tensioning

Mudslayer 500

POWER PLANT:	John Deere 99 hsp., tier 3, 4045 diesel engine with fan for oil cooling
HYDRAULICS:	4 section gear pump and gear motors Three built-in outriggers
DESANDING / MIXING:	Mission 3 x 4 centrifugal pump Mission 2 x 3 x 8.5 pump 5" Dual de-sanding cones
FRAME:	2 axle integrated trailer with 6,400 lb. Dual axle electric brakes Pintle hitch hookup
WEIGHT:	7,200 lb. wet weight
DIMENSIONS:	84" wide x 228" long x 90" high
LIQUID CAPACITY:	Self-cleaning mud tank - 500 gallons Diesel - 40 gallons Hydraulic oil - 50 gallons
LIFT PUMP:	Mudslayer brand 300 - 400 g.p.m. Lift pump is boom mounted
SHAKER SYSTEM:	Dual vibrating shaft, 3' x 5' dual screens with grease piston tensioning

I have been in the well drilling industry all my life, and it is our goal to build equipment as solid as any drill rig. We believe that's the way it needs to be.

We are bringing new innovations to the environmental, geothermal and water well drilling industry.

We believe it is necessary to protect the customer and the environment all while helping your bottom line.

The Mudslayer will help you make more money.

- Jim LaPorte

Minislayer 250

HYDRAULICS:	From available drill rig Requires 15 g.p.m. @ 1800 PSI
DESANDING / MIXING:	Mission 2 x 3 x 8.5 pump - optional Two - 4" de-sanding cones
WEIGHT:	1,000 lb. wet weight
DIMENSIONS:	48" wide x 72" long x 42" high
LIQUID CAPACITY:	Self-cleaning mud tank - 250 gallons
LIFT PUMP:	Mudslayer brand 150 - 250 g.p.m.
SHAKER SYSTEM:	Dual vibrating shaft, 2' x 4' dual screens with grease piston tensioning

Mudslayer Mini 500

POWER PLANT:	Yanmar 50 hsp., tier 3 diesel engine with fan for oil cooling
HYDRAULICS:	3 section gear pump and gear motors 3 built-in outriggers
DESANDING / MIXING:	Mission 2 x 3 x 13 centrifugal pump Mission 2 x 3 x 8.5 pump Two - 5" de-sanding cones
FRAME:	2 axle integrated trailer with 1,800 lb. 2" ball hitch hookup
WEIGHT:	3,100 lb. wet weight
DIMENSIONS:	72" wide x 120" long x 72" high
LIQUID CAPACITY:	Self-cleaning mud tank - 500 gallons Diesel - 25 gallons Hydraulic oil - 40 gallons
LIFT PUMP:	Mudslayer brand 150 - 250 g.p.m.
SHAKER SYSTEM:	Dual vibrating shaft, 2' x 4' dual screens with grease piston tensioning

*MSO # assigned to every unit after build is completed.
